PROSPECTO

PROSPECTO

IT

Prospecto è una collezione di contenitori le cui superfici in legno sono solcate da sottili profili in ottone. L'antica tecnica dell'intarsio viene riproposta per generare inediti effetti tridimensionali che rimandano alla optic art e al contempo citano i disegni prospettici di Brunelleschi, i dipinti di Piero della Francesca o evocano le atmosfere rinascimentali dello studio di Federico Da Montefeltro a Urbino. Un concept basato sul tema del viaggio, che non è solo prerogativa del corpo in movimento, ma è anche evasione della mente che si fa spazio tra le mura domestiche.

DESIGNER

Debonademeo / Luca De Bona e Dario De Meo

ANNO DI PRODUZIONE

EN

Prospecto is a collection of wooden furniture skilfully decorated by inlaid thin brass profiles. This ancient inlay technique is here re-proposed to generate new three-dimensional effects that refer to optic art and at the same time remind us of Brunelleschi's perspective drawings, Piero della Francesca's paintings while also evoking the Renaissance atmosphere of Federico Da Montefeltro's studio in Urbino. This is a design concept based on the theme of travel, which is not only a prerogative of a body in motion but also a mind getaway that can find its freedom in the domestic walls.

PROSPECTO

Prospecto non è solo un omaggio alla prospettiva geometrica, ma anche un funzionale cabinet o madia, dove all'interno trovano posto ripiani in vetro extra-chiaro.

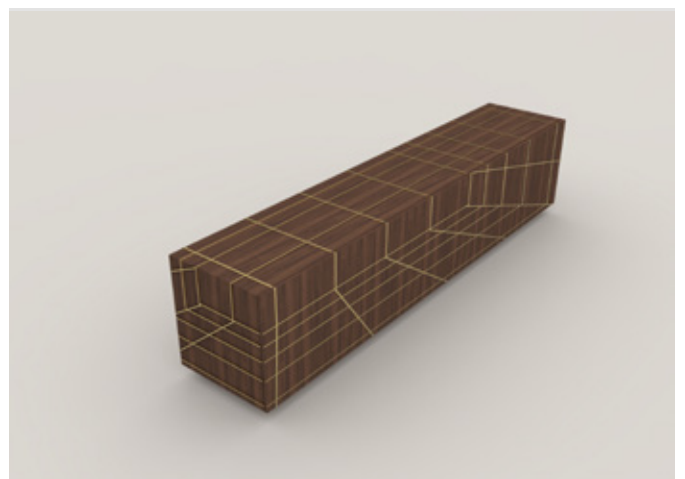

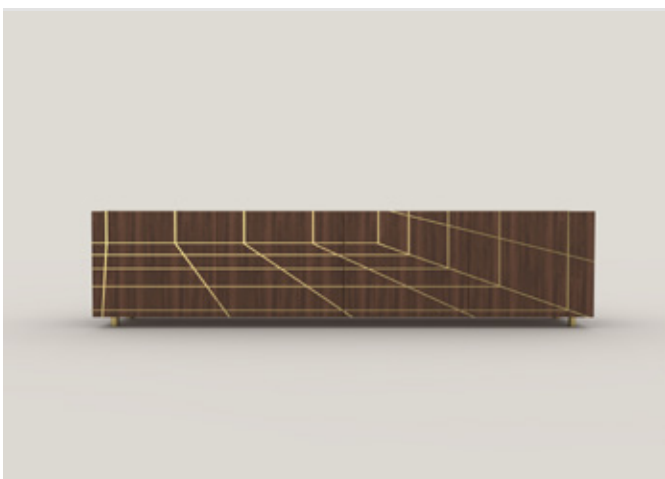

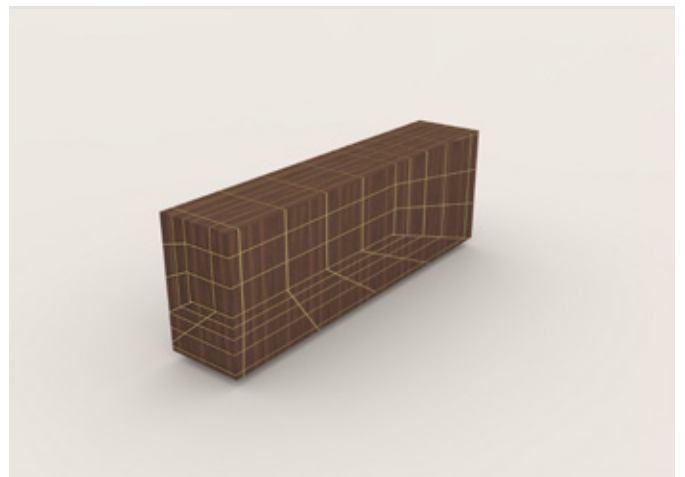

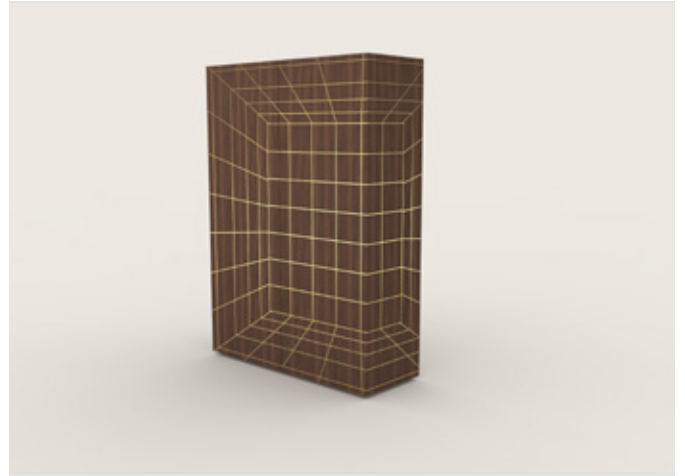

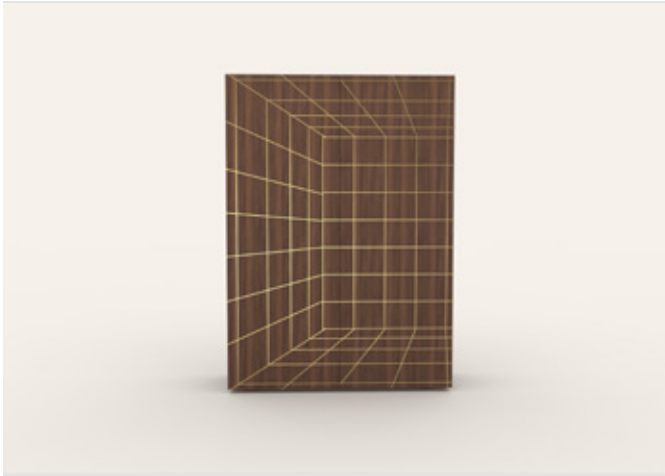

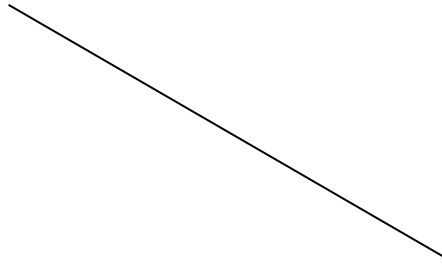

Prospecto is not only a tribute to geometric perspective, but also a functional cabinet, complete with extra-light glass shelves.

▮ Mobili contenitori realizzati con pannelli di legno fresato in cui vengono inseriti profili di ottone, tagliati ed applicati con un accurato e preciso lavoro di intarsio. Particolari sono le ante senza maniglie o fori.

▮ Container cabinets made of pre-milled wood panels in which brass profiles are inserted, cut and applied with accurate and precise manual inlay work. Particular doors without handles or holes.
